### Children Education

SNEHA took the responsibility to implement the childcare homes in 8 places during the year 2023-24 covering around 434 children supported by CTW, Germany. Among these, there are 291 Girls and 143 boys. We are providing residential care for 440 children and Extended Foster ship Grant to 149 children. Children from 2<sup>nd</sup> class to professional courses are benefitted from CTW support.

These 8 homes are located in different places. Each home is being taken care of a warden and three other required staff members. All these children are studying in Government schools and colleges. Very few are studying in private colleges.

SNEHA is providing Quality food, medical support, required books, Transportation facilities to the school going and college going children, Skill training for the eligible children and support to purchase machinery. All the staff members are very committed towards their work. They are fully concentrating on the welfare and development of the children.

### Prevention of HIV/AIDS

During the year 2023-2024 NACO supported SNEHA through APSACS to implement the preventive activities of HIV/AIDS for the migrant communities. This is an ongoing activity.

The programme was initiated in the year 2008. SNEHA is implementing prevention of HIV/AIDS activities among the migrant population in six mandals in N.T.R. District. The target for the coming 2 years is also for 15000 migrants. DAPCU and District medical and Health department is providing guidance and necessary support in implementation of the planned activities. Main activities of the programme is conducting medical camps, CBS (Community based screening) tests to detect the cases, organizing events and demonstration events, blood donation camps, establishment and maintenance of 48 hot spots in different places.

We are concentrating on the follow-up activities for the identified HRGs at the field level. BCC activity and other planned activities are successfully implemented. Number of ICTC checkups was regular and increased according to the cases. It is observed that the people are prepared to use social marketing condoms.
